

FORLIANCE initiates, finances, creates and manages robust nature-based climate projects and integrates them into sustainability strategies with our clients to achieve their Net Zero Carbon targets. Together with our global partners, and our 30+ team members in ten countries, we strive to create intact forests and ecosystems that positively impact our climate, biodiversity and human well-being.

In order to accompany the company's growth and to implement new processes and concepts, we are looking for a proactive and experienced

Senior Manager Finance

YOUR TASKS:

- Managing the company's finances, including financial planning, management of financial risk, record-keeping as well as financial controlling and reporting
- Derivation of financial measures and strategic investment decisions based on your financial analyses
- Further conceptual development of financial controlling
- Coordination of all necessary work around the annual accounts.
- Ensuring the requirements for tax audits are met.

YOUR PROFILE:

- You have successfully completed your studies (economic sciences, finance, business administration, organizational development, or a similar qualification).
- After at least 4 years of professional experience in a comparable position, it is time for a new challenge.
- Proven experience of simultaneous management of different projects and processes
- You bring along very good analytical skills, pragmatism and an enthusiasm for finance, HR and law.
- You ask the right questions, challenge the management again and again and discuss at eye level.
- Proficient in MS Office, particularly MS Excel
- Familiarity with corporate database management systems, project management as well as control tools is an asset
- Excellent written and spoken German and English

The position is entitled as full-time. The contract is a permanent position. Workplace is flexible within Germany. Starting date asap. We look forward to receiving your application in English with CV, a description of your expertise & salary expectation via e-mail to jobs@forliance.com.

Uschi Dellian
Manager HR & Office

WHAT WE OFFER:

- Collaboration in an international interdisciplinary and dynamic team
- A casual work environment with impact
- A comprehensive introduction to our team and processes while providing the space to develop your own solutions – new ideas are expressly welcome
- Regular training and capacity building

OUR MISSION:

We let values **GROW**:

- we grow well financed, managed and monitored forests and ecosystems
- we grow long-term alliances with project stakeholders and clients
- we grow financial mechanisms and payment for ecosystem services to scale and improve projects
- we grow transparency and traceability through robust carbon standards, digital solutions, and earth observation technologies
- we grow the competency of our team by trainings, education and onboarding world leading experts

We create positive impact on our **CLIMATE**:

- we partner with implementation organizations, international investors and development banks to develop the most robust climate projects
- we help industry clients to account and manage their greenhouse emissions
- we monitor, report and verify impact and results of performance indicators
- we create climate solutions that are based on scientific research
- we initiate transformation to fight climate change and to achieve carbon targets.

We take **ACTION**:

- we mobilize finance for ecosystem services and develop new integrated value chains together with local stakeholders
- we use nature to build robust and proven carbon sinks by applying internationally recognized carbon standards and methodologies
- we turn carbon reduction plans into concrete action, and projects
- we think new ways and combine proven nature-based solutions with innovative financial mechanisms and state-of-the-art technology
- we unlock new climate action project types and promote developing of new methodologies for carbon sinks
